

Chants of Illumination, Vol.2: Sanskrit Mantras to the Goddess

Chanting has been used by religions and cultures in all ages; for it has the power to put us in a meditative state, in a state of harmony. This is especially important today, when we are bombarded by disharmonious sounds in our environment. These sanskrit language chants are not only beautiful and harmonious, but also contain subtle energies that can lead us to higher states of consciousness. Mantra is a tool for reconnecting us to our Soul.
