

Indesign Cs4: Basic, Ace Edition + Certblaster (ILT)

This ILT series course will teach students fundamental concepts and terminology and the basic features of Adobe InDesign CS4. Students will learn how to create documents, place text and graphics, and create custom color swatches. Students will also learn how to work with master pages and multi-page documents. In addition, students will learn how to format text, apply styles, work with threaded text frames, position and group objects, and work with layers. Finally, students will print documents, create print presets, and package documents for commercial printing.
