

Fireworks X f/x & Design

Learn how to design Web graphics from start to finish. Fireworks X f/x & Design explains how to edit JavaScript and HTML code to further enhance integration with Dreamweaver; contains special tips for Photoshop users describing the differences between Photoshop and Fireworks when making Web graphics; and learn how to enhance your navigation bars with the use of rollovers, beveled buttons, and slicing techniques. Industry experts such as Sandee Cohen (Peachpit Visual Quickstart author), Donna Casey (Director of Curriculum for Lynda.com), David Nichols (co-author Playing With Fire), and Abigail Rudner (New Riders author) share their expertise in projects using Fireworks throughout the book. The CD-ROM included with this book adds extra benefits with QuickTime movies demonstrating the more difficult concepts, 500 free images from Hemera Technologies, source files for examples and projects used in the book, and trial versions of Plug-Ins.
