

Frank Millers Robocop

Robocop was one of the truly great bits of movie and pop culture magic from the 1980s, and Frank Miller wanted to deliver a masterpiece with his original movie script, but Hollywood massively edited his work. In full-on action, the Robocop story is told as Frank Miller always intended, composed straight from the masters original writings and scripts! The vast majority of Millers insane ideas, vicious black humor and robotic mayhem never made it to the screen, but every last bit is finally unleashed in this series! With sequential adaptation from Steven Grant and art by superstar Juan Jose Ryp, this sci-fi epic is not to be missed!
