

Blossoming in Provence

For American Kristin Espinasse, every encounter with the French including her own Francophone family is a chance to learn more than a country's language or etiquette. It is an opportunity for growth. Follow along with Kristin as she meets and overcomes obstacles along the path to French integration: sit on the edge of your seat at her wedding, when her future husband's ex shows up in a slinky dress; buckle your seatbelt as she gets in the car to take the French Drivers exam; share a slice of humble pie with her as her children continue to enlighten her, in their native tongue, about the mystery and meaning of *la vie en rose*. Espinasse recounts her adventures with honesty and humor, never afraid to have a good laugh at her own expense. Publishers Weekly
