Winner of two Hugo Awards, one Nebula Award, and named a Grand Master by the Science Fiction Writers of America, Brian W. Aldiss has, for over fifty years, continued to challenge readers' minds with literate, thought-provoking, and inventive science fiction. Ray and Ruby Tebbutt are a Norfolk couple struggling to pay off a loan they could not afford. Peter Petrik, a small-time Czech film director, is involved with an Irish arms smuggler. Dominic Mayor, a British millionaire with a cold past, made his fortune by manipulating the stock market. All four people's lives are taken by a terrorist bombing in a small British seaside hotel. In *Remembrance Day*, an American academic examines the details of the victims' lives and histories to find the relationship between them and their fate.
